21:30	Icebreaker Party to be held directly following the Opening Ceremony

Edificio de Aulas N° 4

Monday January 20

Session 4: Invasions, Dispersal and Biogeographic Range Expansions of Foraminifera: Lessons from Earth History – Conference Room 1

08:20 – 09:00	Keynote Lecture Martin R. Langer <i>Invasions, Dispersal and Biogeographic Range Expansions of Foraminifera: Lessons from Earth History</i>
09:00 – 12:20	Oral Presentations Session 4
12:20 – 12:40	Lunch

Monday January 20

Session 3: Fjord Foraminifera – Conference Room 1

14:00 – 14:40	Keynote Lecture Sergei Korsun <i>Fjord Foraminifera as environment indicators : pro and contra</i>
14:40 – 18:20	Oral Presentations Session 3

Monday January 20

Session 6: The Ecology of Planktonic Foraminifera: From Present to Past – Conference Room 2

09:00 – 09:40	Keynote Lecture Howard J. Spero <i>Planktonic Foraminifera Test Development and Elemental Variations during Mineralization</i>
09:40 – 12:40	Oral Presentations Session 6
12:40 – 14:00	Lunch

18:40 – 19:30	Poster Presentations Session 4, Session 3 and Session 6
---------------	---

-------	---

Tuesday January 21

Session 1: New Classification of Foraminifera: Bridging Molecules and Morphology – Conference Room 1

08:45 – 09:00	Presentation of the Paul Brönimann Foundation by Jan Pawlowski
---------------	--

09:00 – 09:40	Keynote Lecture Susan T. Goldstein <i>Morphology, Molecules, and the Monothalamous Foraminifera: Overview of Works in Progress</i>
---------------	--

09:40 – 12:40	Oral Presentations Session 1
---------------	------------------------------

12:40 – 14:00	Lunch
---------------	--------------

Tuesday January 21

Session 5: Biogeography and Evolution of Foraminifera – Conference Room 1

14:00 – 14:40	Keynote Lecture Michal Kucera <i>First assessment of the total extent of cryptic diversity in modern planktonic foraminifera</i>
14:40 – 17:20	Oral Presentations Session 5

Tuesday January 21

Session 7: Foraminiferal Bio-Monitoring Methods – Conference Room 2

08:20 – 09:00	Keynote Lecture Sergei Korsun <i>The FOBIMO (FOraminiferal BloMOnitoring initiative — Towards a standardized protocol for soft-bottom benthic foraminiferal monitoring studies</i>
09:40 – 12:40	Oral Presentations Session 7
12:40 – 14:00	Lunch
14:00 – 15:00	Oral Presentations Session 7
18:40 – 19:30	Poster Presentations Session 1, Session 5 and Session 7
