

FORAMS 2014

**International Symposium on Foraminifera
January 19-24, 2014, Concepción, Chile
Universidad de Concepción & Universidad de Magallanes
CHILE**

We are pleased to announce the next International Symposium on Foraminifera, FORAMS 2014, to be held at the University of Concepción, Chile, between 19 and 24 January 2014

Papers covering a wide range of research topics are invited, including all aspects of foraminiferal biology, biostratigraphy, biogeography, ecology and paleoecology, paleoceanography, molecular evolution and systematics, and paleoclimatology

Participants are invited to pre-register for the meeting on the Symposium Web-site

**Full details of the symposium are available at:
