

Symposium “Impact of UV Radiation on marine ecosystems: Current research and future strategies”

5 – 7 December 2012

Guidelines for abstract submission

Abstracts must focus on scientific results or their application.

- The person submitting the abstract will automatically be the First Author. The First Author will receive all communications regarding the abstract.
- Authors name and affiliations must be clearly specified below the title.
- The title, body and cited references of the abstract must not exceed 3500 characters (excluding spaces).
- First Authors can have a maximum of two (2) abstracts.
- Abstract submission is free of charge. However, abstract submission does not register you for the meeting. Authors of accepted abstracts will have to register for the Symposium.
